

## SEALED BATTERIES

### HOW THEY WORK

Lift Solutions supplies the highest quality of sealed batteries (gel, AGM) *that are specifically designed for our customers' many and varied applications* including elevators, Lifts, Stair Chairs, VPL's and Residential Elevators.

## 100% MAINTENANCE FREE

Our maintenance free sealed battery construction eliminates the need to add water. Non-spillable batteries transport easily and safely. Quality construction ensures reliable service and support on all of our batteries. With multiple distribution centers throughout the United States for fast delivery when you need sealed battery power, with delivery times as fast as 24 hours.
